NEW

DripMate® Tool

The Antelco DripMate® Tool is a versatile micro irrigation tool designed to simplify the installation of a variety of Antelco emitters. The DripMate® Tool also serves as a handy emitter removal tool for effortless maintenance.

Features

- Holds self piercing joiners to connect micro tubing and grips and supports joiner/tube assembly for insertion into laterals.
- Compatible with a wide range of Antelco drippers and emitters for easy installation.
- Hole punch for creating holes in lateral tubing.
- Leverage claw for removing barbed products from laterals.
- Socket for gripping CETA® and PC Shrubbler® caps for disassembly.
- Includes a hole for the removal of micro spray jet caps for inspection and cleaning.

Applications

For installing micro irrigation systems by home gardeners, contractors and professionals.
