

Multi-purpose cutters designed to cut Polyethylene & PVC pipe, hose and tube. Blades are manufactured from the longest lasting, highest quality metal using proprietary technology, ensuring blades are sharper and provide a more clean, precise cut.

Features

- Clean, smooth right angle cut, eliminating any chamfering of the pipe.
- Fiberglass reinforced nylon handles for durability and long life.
- Models to suit 20 mm - 40 mm pipe sizes.
- Standard or Spring Action models available.
- Stainless Steel & PTFE Coated blade options.
- Replacement blades available.

Applications

Cutting of PE & PVC pipe, tube & hose within irrigation, landscape, plumbing and electrical installations.
